

SAYED MOHAMED

Junior Frontend Developer

+20110-212-8186 sayedmo.web.developer@gmail.com Cairo, Egypt

[Portfolio](#) [Github](#) [Facebook](#) [LinkedIn](#) [Instagram](#)

ABOUT ME

Front-End Developer specializing in building high-performance, scalable web applications using React and Next.js. Equipped with a strong full-stack foundation (MERN), allowing for seamless API integration and deep understanding of backend architecture. Passionate about writing clean, maintainable code, modern UI/UX, and optimizing frontend performance.

EDUCATION

HelwanUniversity | 2019-2023

Faculty of Science: Department of Computer Science & Mathematics

- Arabic: native
- English: B1+

WORK EXPERIENCE

Mountain Matrix [Live](#) [Code](#)

- Update old Website for Mountain Matrix company and using latest technologies
- Tech Stack: Next.js 15 App Router ,Tailwind CSS v4ss, Framer Motion

Mashro3 [Live](#) [Frontend](#) [Backend](#)

- A complete online store where users can browse products, add them to cart, and place orders.
- Tech Stack: MERN (MongoDB, Express.js, React.js, Node.js)
- Built the entire frontend and backend including admin dashboard, product management, user authentication, and order system.

Angular Dashboard [Frontend](#)

- Built a modern Angular 21 dashboard with authentication, advanced data table (sorting, filtering, pagination), and in-memory CRUD functionality using Signals and Reactive Forms.
- Integrated multiple public APIs and applied best practices like lazy loading, route protection, and responsive design with Tailwind CSS.

Social App [Live](#) [Frontend](#) [Backend](#)

- A social networking platform where users can create posts, follow others, and chat in real-time.
- Tech Stack: MERN Stack + Socket.IO
- Developed both frontend and backend, implemented real-time messaging with Socket.IO, and built features like user profiles, post interactions, and friend system.

TEDx [Live](#) [Code](#)

- 3 Landing Pages for TEDx Banisuif Event
- Tech Stack: HTML, CSS, JavaScript.

SKILLS
